

# COLOR LIBRARY

Our PET core is a standout choice for those who prioritize sustainability and flexibility in their design projects. Crafted from recycled materials, this core not only supports Eco-friendly initiatives but also offers extensive customization options. It can be grooved, bent, and shaped to meet the most complex design specifications, making it an excellent choice for innovative and Eco-conscious designs

## Why Choose PET?:

**Sustainability:** Produced from recycled materials, our PET core contributes to LEED points, enhancing the environmental profile of your project.

**Extensive Customization:** The PET core is highly versatile and can be easily shaped to meet complex design requirements. Whether you need it grooved, bent, or formed into unique shapes, PET can handle it all.

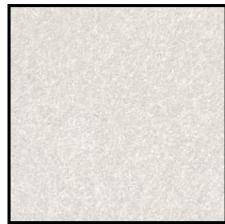

**Eco-Friendly:** Choosing PET helps reduce waste and promotes the use of recycled materials, aligning with green building practices and sustainability goals.
